

CLARITY | PURITY | QUALITY

BRINGING JUST-ICE TO DRINKS EVERYWHERE

SKOPE

INTRODUCING THE ITV ALFA RANGE

BLOODY MARY

ALFA RANGE

SELF-CONTAINED ICE CUBE MAKERS

- + ALFA Ice Makers produce pure, crystal clear ice cubes every time. Perfect for drinks, the pyramid shape cubes that cool quickly and melts slowly– suitable for bars, restaurants, pubs, night clubs and conference facilities. Range includes the MINI ALFA (NPD20 model only) and ALFA. Ice cubes fall individually into a collection bin, perfectly separated and with consistent size.
- + Alfa underbench ice makers are an efficient way to incorporate a ice cube maker into a commercial kitchen or bar, without taking up additional floor space. Underbench ice makers will slide under standard height commercial kitchen benches for easy access to ice when required.
- + The ITV patented unique flexible spray rubber nozzles reduce the buildup of limescale as the semi-elastic material moves every time a jet of water passes through it.
- + **DYNAMIC PRODUCTION** The water is constantly circulating and the ice gradually forms in thin layers, avoiding trapped gases and producing crystal clear ice cubes. Only the purest of ice cubes are produced.
- + Patented robust folding door with dampening system for long-life and durability.
- + **INSULATED STORAGE BIN** Storage bin with polyurethane foam insulation gives higher rigidity with lower heat transmission.
- + Front breathing ventilation.
- + **STRONG STAINLESS STEEL FRAME** The box-type frame with AISI 304 stainless steel pillars, permits servicing operations without disassembling the whole machine.
- + **SILENT RAIN:** All parts in contact with water have been designed to minimize their friction resulting in a very low noise level.
- + **EASY ACCESS TOP OPERATIONAL SWITCHES** Top cover can be removed for easy access to the electric board and the evaporator. Models are easy to programme, disassemble and service for minimal disruption.
- + Trusted SKOPE 2 Year Warranty Protection Plan.

MINI ALFA - 14-17cc / ALFA - 17- 21cc

Dynamic Production
Crystal clear ice cubes

Spray System
Flexible nozzle spray system

Strong Stainless Steel Frame

Front Ventilation - Front
breathing for tighter spaces

Silent Rain - Helps reduce
friction for a quieter operation

EASI - Easy Access for
Service and Installation

2 Year Warranty

ALFA RANGE I SPECIFICATIONS

	 ICE PRODUCTION PER 24 HRS	 STORAGE	 ICE CUBES PER CYCLE	 KWH PER 100 KG	 WATTS	 DIMENSIONS - MM	 NET WEIGHT
NDP20 A	24 KG	6kg / 400 cubes	18	27	340	350 w x 475 d x 595 h	32kg
NG30 A	30 KG	15kg / 882 cubes	24	24.6	425	405 w x 515 d x 750 h	40kg
NG45 A	45 KG	20kg / 1176 cubes	30	24	550	465 w x 595 d x 795 h	45kg
NG60 A	60 KG	25kg / 1471 cubes	45	19.7	650	535 w x 595 d x 795 h	58kg
NG80 A	80 KG	35kg / 2059 cubes	60	24.9	775	715 w x 595 d x 945 h	69kg

NOTE PRODUCTION AT 20°C ROOM TEMPERATURE, 15° WATER TEMPERATURE. OPERATING LIMITS: SUITABLE FOR HIGH TEMPERATURE ENVIRONMENTS TESTED TO 43°C AMBIENT AND 30°C WATER TEMPERATURE. WATER PRESSURE ICE MAKER: MIN. 10 PSI. (0.7 BAR.)/ MAX. 85 PSI. (6 BAR.). INSTALL A PRESSURE REDUCER IF WATER INLET PRESSURE IS MORE THAN 85 PSI. (6 BAR.). ALL MODELS ARE FINISHED IN STAINLESS STEEL. WATER INLET IS 3/4"-28MM. REFRIGERANT R404A. ALL DIMENSIONS EXCLUDE ADJUSTABLE LEGS (FROM 105MM – 155MM). AVERAGE DIMENSIONS OF ICE CUBES - MM - 39 W X 27 D X 30 H. POWER SUPPLY: 220-240 VOLTS A.C 50HZ, SINGLE PHASE SUPPLY. SUPPLIED WITH 10AMP 3- PIN PLUG.
